Re: Funeral Rule ANPR, Project No. P034410

Dear Chair Khan,

[Please choose to list any/all stances you wish to take on the Funeral Rule; you can use the ICCFA position points as a guide and can reference that you stand in support of the Comments written by the International Cemetery, Cremation and Funeral Association. However, we encourage you not to simply cut and paste. Instead, use a story or two to demonstrate how the changes in the Funeral Rule may affect you. It is more impactful if you discuss one or a few of the comments in detail, rather than simply re-listing the stance of ICCFA.]

Sincerely,
